

FINAL PROGRAM RSD6

Wednesday	18th October 2017	Parallel 1 (A1)	Parallel 2 (A2)	Parallel 3 (A3)	Parallel 4 (A4)
8:00	Registration / Cafe				
9:00	Opening speech	Birger Sevaldson			
9:30	Keynote Lecture	Richard Buchanan Dialectic and Inquiry in Design: Understanding Surroundings and Systems, Designing Environments			
10:45	Cafe break				
11:00		Democracy, participation and design	Public sector, policy design	Theory and Philosophy	Economy and Systemic Design
11:00	Parallel session presentation 1	David Kahane and Alex Ryan. <i>Designing more democratically, deliberating more systemically: A conversation between Systemic Design and Democratic Deliberation</i>	Kristin Støren Wigum. <i>Designing with municipalities – democracy in practice?</i>	Dino Karabeg and Fredrik Refsli. <i>The Paradigm Strategy</i>	Uttishta Varanasi, Deergha Joshi, Akshay Yadav, Kamana Marwah, Aparajita Tiwari and Praveen Nahar. <i>The Design of Design</i>
11:30	Parallel session presentation 2	Natalija Fisher and Jenny Whyte. <i>Nova Agora: How an online platform deconstructs policy disputes to inform deliberative democracy</i>	Bridget Malcolm. <i>Introducing systemic design to support an Australian Government regulatory agency address complex problems</i>	Piotr Michura and Stan Ruecker. <i>Design as production of presence - systemic approach to re-designing novelty</i>	Franco Fassio, Nadia Tecco. <i>Circular Economy for Food - A systemic interpretation of the circular economy through the holistic view of the gastronomic sciences.</i>
12:00	Parallel session presentation 3	Niloufar Gharavi. <i>Design With/For Now</i>	Manuela Aguirre, Janey Ro, Paulina Buvinic and Katalina Papic. <i>Co-designing cultures within public organizational systems</i>	Evan Barba. <i>Cognitive Point-of-View in Recursive Design</i>	Joanna Boehnert. <i>Designing the Ecocene: Mapping the Political Economy of Design</i>
12:30	Lunch				
13:15	Keynote Lecture	John Ehrenfeld Flourishing Lives in Another World			
14:30	Plenary lecture	Praveen Nahar: In memory of Ranjan: The NID approach to Systemic Design			
15:00	Cafe break				
		Democracy, participation and design continuation	Flourishing	Methods and methodology	Public Sector, social services continuation
15:30	Parallel session presentation 1	Giada Pezzi, Marco D'Urzo and Cristian Campagnaro. <i>Systemic design and social marginalization - Mapping and assessment of projects for the empowerment of people experiencing social exclusion</i>	Jyotish Sonowal and Peter Jones. <i>Reconceiving the Hospital as a Business for Flourishing</i>	Juan de La Rosa and Karolina Kohler. <i>Prototyping as a resource to investigate future states of the system</i>	Benedicte Wildhagen and Sissel Kristin Hoel. <i>Mind the gap! A Norwegian Trial Incentive Program to stimulate government agencies management resources</i>

16:00	Parallel session presentation 2	Marie Lena Heidingsfelder, Florian Schütz and Martina Schraudner. <i>Who participates in participatory research and innovation?</i>	Marion Real and Iban Lizaralde. <i>Research-action applied to the design of a flourishing community dedicated to sustainable fashion in the Nouvelle Aquitaine region</i>	Brent Wellsch, Roya Damabi, Ben Weinlick and Aleeya Velji. <i>Capacity Building Through Community Building: The Story of the Systemic Design eXchange</i>	Heidi Dolven and Adrian Paulsen. <i>Finding the flex in complex public sector systems. Co-designing for services through systemic interventions</i>
16:30	Parallel session presentation 3	Michael Arnold Mages. <i>Designing for Civic Conversations</i>	Sharon Matthias and Jess McMullin. <i>Systemic Maturity Models and Multi-organization collaborations: the ACMHI Mentally Healthy Campus Maturity Model</i>	Hilde Opoku and Kristin Støren Wigum. <i>Storytelling as a driver for policy developments</i>	Lyudmila Petrova and Cristian Campagnaro. <i>Design for social change: on new practices and organization models that foster knowledge transfers from design sector elsewhere.</i>
17:00	End				
17:30	Waterhole gathering	Fyrhuset			
19:00	Halogen Welcome Party	Only with separate ticket			

Thursday	19th October 2017	Parallel 1	Parallel 2	Parallel 3	Parallel 4
8:00	Registration / Cafe				
9:00	Keynote Lecture	Sabine Junginger Systemic Design Approaches in the Public Sector: Are we ready?			
10:15	Plenary lecture	Onny Eikhaug and Tom Vavik: Design for All			
10:45	Cafe break				
		Urbanism	Public Sector, social services continuation	Methods and methodology continuation	Environment and sustainability
11:00	Parallel session presentation 1	Idil Gaziulusoy and Chris Ryan. <i>Imagining Transitions: Designing a Visioning Process for Systemic Urban Sustainability Futures</i>	Surya Teja Bachu, Aravind Ratheesh, Bharat Kashyap, Julia Andreyeva and Praveen Nahar. <i>Design for The Other Side: Prison Reforms through building resilience.</i>	Wouter Kersten, Jan Carel Diehl and Jo van Engelen. <i>Putting the horse in front of the wagon: how a multi-contextual design space successfully addresses complex challenges</i>	Helén Marton, Andrea Cuesta. <i>Unlocking Barriers to Sustainable Food Procurement in Finland: a Case Study</i>
11:30	Parallel session presentation 2	Jeremy Bowes, Manpreet Juneja, Carl Skelton, Sara Diamond, Marcus Gordon, Cody Dunne, Davidson Zheng, Steve Szigeti and Michael Carnevale. <i>Visualizing the Sociotechnical System as an Urban Democratic Resource; the iCity case study</i>	John Darzentas, Helen Petrie and Jenny Darzentas. <i>Systems Thinking based Design intervention for Supporting Healthy Ageing / Ageing in Place.</i>	Andres Pineda, Ulrik Jørgensen and Erik Hagelskjær Lauridsen. <i>Sustainable System Design</i>	Paul Emmerson and Robert Young. <i>Design as Civics: A citizens' practical philosophy for making wise decisions that 'aim' for the 'good life' in our unsustainable era</i>
12:00	Parallel session presentation 3	Christopher Pearsell-Ross. <i>Future Fest: a design concept for deliberative engagement in the urban planning process</i>	Sharon Matthias. <i>Wellness, Flourishing Societies and "Over the Horizon" Innovation of Policy and Policy Implementation</i>	Mieke van der Bijl-Brouwer. <i>The power of trust and motivation in a designing social system</i>	Maulshree. <i>'The Design Ecosystem' - A systemic view towards design and society, in the Indian context</i>
12:30	Lunch				

13:15	Keynote Lecture	Karl Otto Ellefsen The imprints of the fisheries on land – the dynamics and adaptations of a Norwegian fishing village.			
14:30	Plenary lecture	Kees Dorst. Design Beyond Design			
15:00	Cafe break				
		Architecture and Urban ecologies	Pedagogy and Education	Methods and methodology continuation	Systemic Design cases
15:30	Parallel session presentation 1	Søren Sørensen (invited lecture) <i>Towards Embedded Architectures: Informed Non-standard and Information-based Design</i>	Birger Sevaldson and Linda Blaasvær. <i>Teaching Design for Democracy</i>	Dario Toso. <i>Systemic Design Approach on Water Management</i>	Maja van der Velden. <i>Design for living in the doughnut: the case of the mobile phone</i>
16:00	Parallel session presentation 2	Matteo Lomaglio. <i>Encoded ecologies of the Venetian lagoon: A multi-scalar data-driven computational approach for dynamic environments</i>	Corina Angheloiu, Laura Winn and Anna Birney. <i>The School of System Change: Designing a learning system as a system change endeavor</i>	Ana Luisa Cavalcante and Francisco Fialho. <i>Systemic map to revitalizing local knowledge in autochthonous communities</i>	Jenny Darzentas, Helen Petrie, John Darzentas: <i>Employing Service Design and Systems Thinking Approaches as tools to support collaboration across a multi-stakeholder initiative: the responsible food consumption exemplar</i>
16:30	Parallel session presentation 3	Jeffrey Chan and Ye Zhang. <i>A Systems Framework for Designing of Urban Commons and Sharing Practice: Three Case Studies in Singapore</i>	Eunki Chung. <i>Using Giga Mapping in Systems-Oriented Design Education</i>	Remko van der Lugt. <i>Open mind an open heart: Two approaches for exploring the dynamics in stakeholder networks in complex co-design projects.</i>	Marie Davidová and Kateřina Zímová. <i>COLridor at Zvonařka: Co-Design and Co-Living for Sustainable Futures</i>
17:00	Parallel session presentation 4	Christos Chantzaras. <i>Architecture as Systems Design & Innovation Design Discipline</i>	Patrice Ceccarini. <i>Systemic Design Master Development</i>	Francis Carter, Silvia Mata-Marin, Dimeji Onafuwa, Ahmed Ansari and Dan Lockton. <i>Changing behavior of the systems we're in: Designing for transitions in Environment, Economy, and Democracy</i>	Tobias Luthe. <i>Co-designing a real-world laboratory for systemic design in the Italian Alps: how complexity shapes the process.</i>
17:30	End				
17:30	Waterhole gathering	Fyrhuset			
19:00	Conference Dinner at AHO				
19:00		PANEL: John Ehrenfeld, Antony Upward, Peter Jones and Sharon Matthias: The Possibility for Flourishing: A planetary movement connecting Everybody to Everything.			
20:00	Party continues				

Friday	20th October 2017	Parallel 1	Parallel 2	Parallel 3
8:00	Registration / Cafe			
9:00	Keynote Lecture	Michael Hensel. The Right to Ground Rights to Ground: Human and Non-human Rights Integrated Design and Embedded Architectures		
10:15	Plenary lecture	Ben Sweeting. Cybernetics, virtue ethics and design		
10:45	Cafe break			
		Urbanism continuation	Public Sector and health continuation	Pedagogy and Education continuation
11:00	Parallel session presentation 1	Adrienne Pacini and Helen Kerr. <i>Housing Horizons: Models for Real Estate and Community Investment</i>	Amina Pereno. <i>Systemic design towards user-centered sustainability in medical treatments</i>	Andreas Wettre and Birger Sevaldson. <i>Teaching Team Work in Systems Oriented Design</i>
11:30	Parallel session presentation 2	Jotte I.J.C. de Koning, Emma Puerari, Ingrid J. Mulder and Derk A. Loorbach. <i>Landscape of Emerging City Makers: the case of Rotterdam</i>	Karianne Rygh. <i>Supporting co-design in complex healthcare systems through the affordances and metaphors of tangible tools</i>	Francesca Ostuzzi, Walter Dejonghe and Jan Detand. <i>Open-ended Design as Second-order Design. A case study of teaching Cybernetics and System Thinking to Industrial Design students.</i>
12:00	Parallel session presentation 3	Nihal Halimeh, Mahmoud Halimeh and Helen Avery. <i>Crafting futures in a Lebanese refugee camp: the Burj el Barajneh Souk</i>	Denise Philpott, Laura Halleran, Sonia Tagari and Windemere Jarvis. <i>The A.R.T. of the Waiting Game: Navigating Assisted Reproduction in Ontario, Canada</i>	Adrian Paulsen and Manuela Aguirre. <i>Mapping the invisible: Co-designing with taboos and illegal systems as systemic design materials</i>
12:30	Lunch			
13:15	Keynote Lecture	Lucy Kimbell From Transformation Design to Translation Design		
14:30	Plenary lecture	Joanna Boehnert	The Visual Representation of Complex Systems	
15:00	Cafe break			
15:15	Closing lecture	Alex Ryan and Peter Jones		
15:45	Closing concert	Kajsa Sogn Balto		
16:00	Presentation of RSD7 Torino 2018 by Amina Pereno			
16:30	End			
16:30	DOGA farewell party	www.doga.no
